Dear Murugan,

I hope this email finds you well. I am writing to express my enthusiasm about being deployed to the upcoming project. Having recently completed my graduation, I am eager to contribute my skills and knowledge to the team.

My Skill Set:

- **Technical Expertise**: I have a strong foundation in programming languages such as Python, Java, and SQL. Additionally, I am proficient in data analysis and visualization tools.
- **Problem-Solving Abilities**: During my academic journey, I successfully tackled complex problems and collaborated with fellow students on various projects.
- **Adaptability**: I am quick to learn new technologies and adapt to changing project requirements.
- **Team Player**: I believe in effective communication and teamwork, which are essential for project success.

I look forward to discussing how I can contribute effectively to the project. Please let me know if there are any further steps or information required from my end.

Thank you for considering my interest. I am excited about the opportunity to work with the team and contribute to our collective success.

Regards,
Shivam Muluk

Dear Murugan,

I hope you are doing well.

I am writing to express my interest in the upcoming project of ABC company which is Online goods Marketing supplying company and I would like to appoint to that project after completing my graduation.

As I will be graduate soon, I am keen to apply the knowledge and skills I have gained throughout my internship journey. My studies have provided me with a solid foundation in Java, SQL and I have further improved my skills through doing a project where I used those skills. My project was related to online goods purchase applications, so I think I am good choice to be in this project where I can apply my knowledge here and give the productive results.

I am confident that my technical skills, along with my ability to work well in a team and adapt to new situations, make me a strong candidate for this project. I am enthusiastic about the opportunity to contribute to the team and learn from the experience.

Attached to this email, you will find my resume and introduction document which give more details about my background and qualifications.

Thank you for considering my application. I look forward to the possibility of working with your team.

Regards,
Shivam Muluk
